STAFF RECOMMENDATION/S

The Applicant does not have any operating locations at this time, and has provided a copy of its customer information placard. The amended placard is in compliance with the Generic Tariff. The Applicant has indicated on its application that it will provide service in accordance with the rates, charges and terms and conditions contained within the Generic Tariff.

Staff believes that, with proper oversight, certain benefits in the form of increased pay telephone availability will accrue to the public, and that the issuance of a Certificate is in the public interest. Therefore, Staff recommends approval of the application without a hearing.
